Magnolia Ridge | LWM, LWK, LWQ

LIGHTWEIGHT MODULAR  
(LWM)

3-1/2" bed, 2-1/4" face, 7-5/8" length

Modular size is the most common in the industry. When laid with 3/8" mortar joints, it forms an 8" modular dimension.

LIGHTWEIGHT KING  
(LWK)

2-3/4" bed, 2-3/4" face, 9-5/8" length

King size provides a very low installed wall cost because fewer bricks are required per square foot.

LIGHTWEIGHT QUEEN  
(LWQ)

2-3/4" bed, 2-3/4" face, 7-5/8" length

The Queen Size provides the same face as Engineered Modular with a cost-effective reduced bed depth of 3".

Photo samples are intended to represent general color range and texture. Precise color fidelity is difficult to obtain in print. Brick selection should be made from product samples.
