

Canada Architectural Series

Exceptional Beauty. Effortless Performance.

The exquisite allure of Canada Brick™ on your project is a bold expression of your unique vision. With its rich palette of colours and strict adherence to CSA and ASTM standards, our clay brick products enable you to create unique designs; transforming your next project into a signature statement for generations to come.

In addition to aesthetics and strength, Canada Brick products are a perfect choice to help your projects achieve LEED® credits in several categories. All-natural clay bricks have an exceptionally long life cycle, do not emit ozone-depleting substances, and can be manufactured virtually waste-free.

A solid foundation built by Canada Brick.

PLEASE NOTE: This literature is intended to generally show the colour range of the featured product. Using print and photography, it is impossible to show all colours, percentages of colours, texture and the harmless imperfections that may be contained in thousands of brick. Brick from different production runs may vary slightly in colour range and texture.
