Arriscraft®

Fresco Greige

Arriscraft products are unique in the world, delivering the most authentic, most durable and most unique stone products for the home. Our Natural Process™ technology combines natural materials (sand and lime), plus colour pigments, to create products with the aesthetics and durability of quarried stone.

Explore our vast style selection – from rustic to modern, from full-bed Building Stone to Thin-clad options – in a broad array of natural colours, profiles and finishes. You can even combine colour palettes and order unique colours through our customization options. Whatever your vision, we know you'll discover that your dream home is possible with Arriscraft.

Authentic Texture

Only Arriscraft stone offers this authentic look and feel. Competitive products look flat or shiny in comparison.

Traditional Grey

Full Bed and Thin Profiles

Our stone products come in a broad array of natural colors, profiles and finishes. Traditionally offered in a full-bed depth (like a brick), all of our stone styles can now be ordered in a thin-cut format, that can be adhered like tile: ask your dealer or Arriscraft Representative for details

Looking for something different? We also have a unique thin masonry line that you can check out on our website at www.arriscraft.com, or in our Thin Products Guide.

Product Combinations

Many designers choose to combine two or more products on a building, mixing colors, finishes and styles. Your vision, your choice.

Shadow Stone® Tacoma/Edge Rock Glacier

Adair® Parliament/ ALSB Midnight Grey

Shadow Stone® Avalanche/Edge Rock Glacier

Fresco Moonstone/Greige Blend

Architectural Linear Series Brick Obsidian/
Urban Ledge Stone Avalanche

Arriscraft offers a truly comprehensive line of stone and brick styles. From impressive, old-world charm to cutting-edge contemporary, we have the style to bring every design to life. With an extensive and unique color palette, the possibilities are unlimited.

IMPORTANT NOTES

Colors and textures have been reproduced as closely as the printing process allows. Final selection should be made from actual samples.

Arriscraft stone products must be installed using industry recommended materials and techniques and conform to all related building requirements. All masonry products are intended for above-grade installations. Proper care, installation and cleaning are required for warranty validation. Please refer to the DATA sheets and CARE sheets that can be found at www.arriscraft.com

General Shale

Arriscraft is the stone products group of General Shale, the North American subsidiary of Wienerberger AG and a leading manufacturer of brick, one of the world's oldest green building materials.
