

Shadow Stone®

Long and linear with a crisp finish, our Shadow Stone® delivers a simple elegance. The versatile ledgerstone style is equally striking in a cozy traditional design, or when used as a focal point for high style contemporary architecture.

Design Tip:
Shadow
Stone® and Urban
Ledgestone can
be combined
seamlessly.

PRO TIP:

Create unique new looks with versatile Shadow Stone®. Do you want a sleeker, longer look? Use only the two smaller units (SHA22 and SHA50). On the other hand, you can bulk up the look by adding the bold Edge Rock EDG102.
