Why Arriscraft?

Laurier Walnut/Laurier Oakwood Blend

Arriscraft products are unique in the world, delivering the most authentic, most durable and most unique stone products for the home. Our Natural Process™ technology combines natural materials (sand and lime), plus color pigments, to create products with the aesthetics and durability of quarried stone.

Explore our vast style selection – from rustic to modern, from full-bed Building Stone to Thin-clad options – in a broad array of natural colors, profiles and finishes. You can even combine color palettes and order unique colors through our customization options. Whatever your vision, we know you'll discover that your dream home is possible with Arriscraft.

Authentic Texture

Only Arriscraft stone offers this authentic look and feel. Competitive products look flat or shiny in comparison.

Arriscraft stone products are created with natural, raw materials*. Our unique manufacturing process is very simple; we combine sand and lime, just like Nature does to create stone. We then expedite the Earth's heat and pressure effects.

Since we don't add any synthetic binding agents or cement to our products, they are fully recyclable and the greenest choice next to quarried stone. Plus, their inherent strength makes them very low maintenance and incredibly long lasting.

As a manufacturer, Arriscraft is recognized for its continual efforts to reduce energy and resource use.

LIFETIME WARRANTY

All Arriscraft stone products come with a lifetime warranty.

*Only color pigments we use are man-made.

NATURAL EDGE®

Our patented manufacturing process is unique in the world, so you won't find other stone products made like ours anywhere else. Remarkably, our simple process delivers superb durability and aesthetics – the same you would get from actual quarried stone.

SELECTION

Whether you prefer a traditional or modern home, you will love the options we have in diverse finishes, designs and colors. You can select from full-bed Building Stone, Thin-clad products, Renaissance® Masonry Units, and brick. Whatever your personal style, you can express it with Arriscraft stone.

PERFORMANCE

Naturally-made Arriscraft stone doesn't shrink, fade or discolor over time. All of our products (regardless of style or color), age naturally, just as quarried stone does. It's smart to choose an exterior for your home that will look as good at age 25, as it does on day one.

INSTALLATION

Unlike quarried stone, which is very labour intensive to install, Arriscraft stone products are installed with standard masonry techniques. From our full-bed Building Stone to our versatile Thin-clad stone, all products are designed for efficient installation.

Stone Styles

Shadow Stone® Driftwood

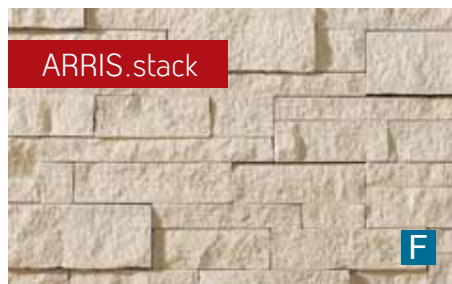

Laurier Walnut/Laurier Mahogany Blend

Natural Colors

Each Arriscraft product is offered in a full range of beautiful colors that reflect natural stone tones.

We manufacture our stone in Cambridge, Ontario, Canada and Fort Valley, Georgia. The legend provides a guide for where each product is manufactured.

C Cambridge, Ontario, Canada
F Fort Valley, Georgia, USA

Citadel®

Citadel® Infinity with Onyx

Citadel® Indiana

Our full-bodied and robust Citadel® Building Stone delivers charm and warmth. The tumbled finish offers an ultra-realistic quarried stone profile.

This popular style is made in both Cambridge, Ontario and Georgia to meet demand.

Realistic Profiles

Unlike most manufactured stone, Arriscraft products feature authentic profiles, whether it be this robust Citadel® example or the sharper, more angular profiles of styles like Edge Rock or Shadow Stone®.

Citadel® Autumn Harvest

Edge Rock

Edge Rock Glacier

Aptly named, our Edge Rock Building Stone features sharp lines and dynamic edges. The split face finish creates a natural look that is both contemporary and rugged.

Edge Rock Glacier

Edge Rock Oakwood

Fresco

Fresco Silverado

Fresco Silverado

Fresco combines a natural tumbled finish with random split face angles for rustic charm that works for modern and traditional style homes.

Rustic Charm

Today's home designs often blend natural materials with modern design. Our Fresco stone is just one of our styles that gives you this 'rustic chic' style.

Shadow Stone®

Shadow Stone® Driftwood NOTE: This application uses two of the three available stone sizes.

This impressive ledgerstone offers a sleek and modern, yet robust, look. The split face finish in natural tones provides incredible realism.

Slight variations in stone depths create the 'shadows' of this remarkable style.

Shadow Stone® Avalanche

Modern Flair

Our Shadow Stone® and Urban LedgeStone styles offer a contemporary alternative for those of you with modern taste. Long and linear with a crisp finish, these straight lines offer up a simple elegance.

Shadow Stone® Steel Grey

Urban LedgeStone

Designed in long, slender lengths with a natural split face profile, Urban LedgeStone offers a contemporary and dramatic style.

Urban LedgeStone Frost Coursed Pattern

Urban LedgeStone Frost Ashlar Pattern

Easy Installation

Urban LedgeStone can be installed in a coursed pattern that is super quick to install. The ashlar pattern offers a more traditional installation.

Everest

Everest Oakwood

Everest Ivory White

Everest impresses with a uniquely textured profile. This highly dimensional, rocked stone delivers a look that is both rustic and stately.

Laurier

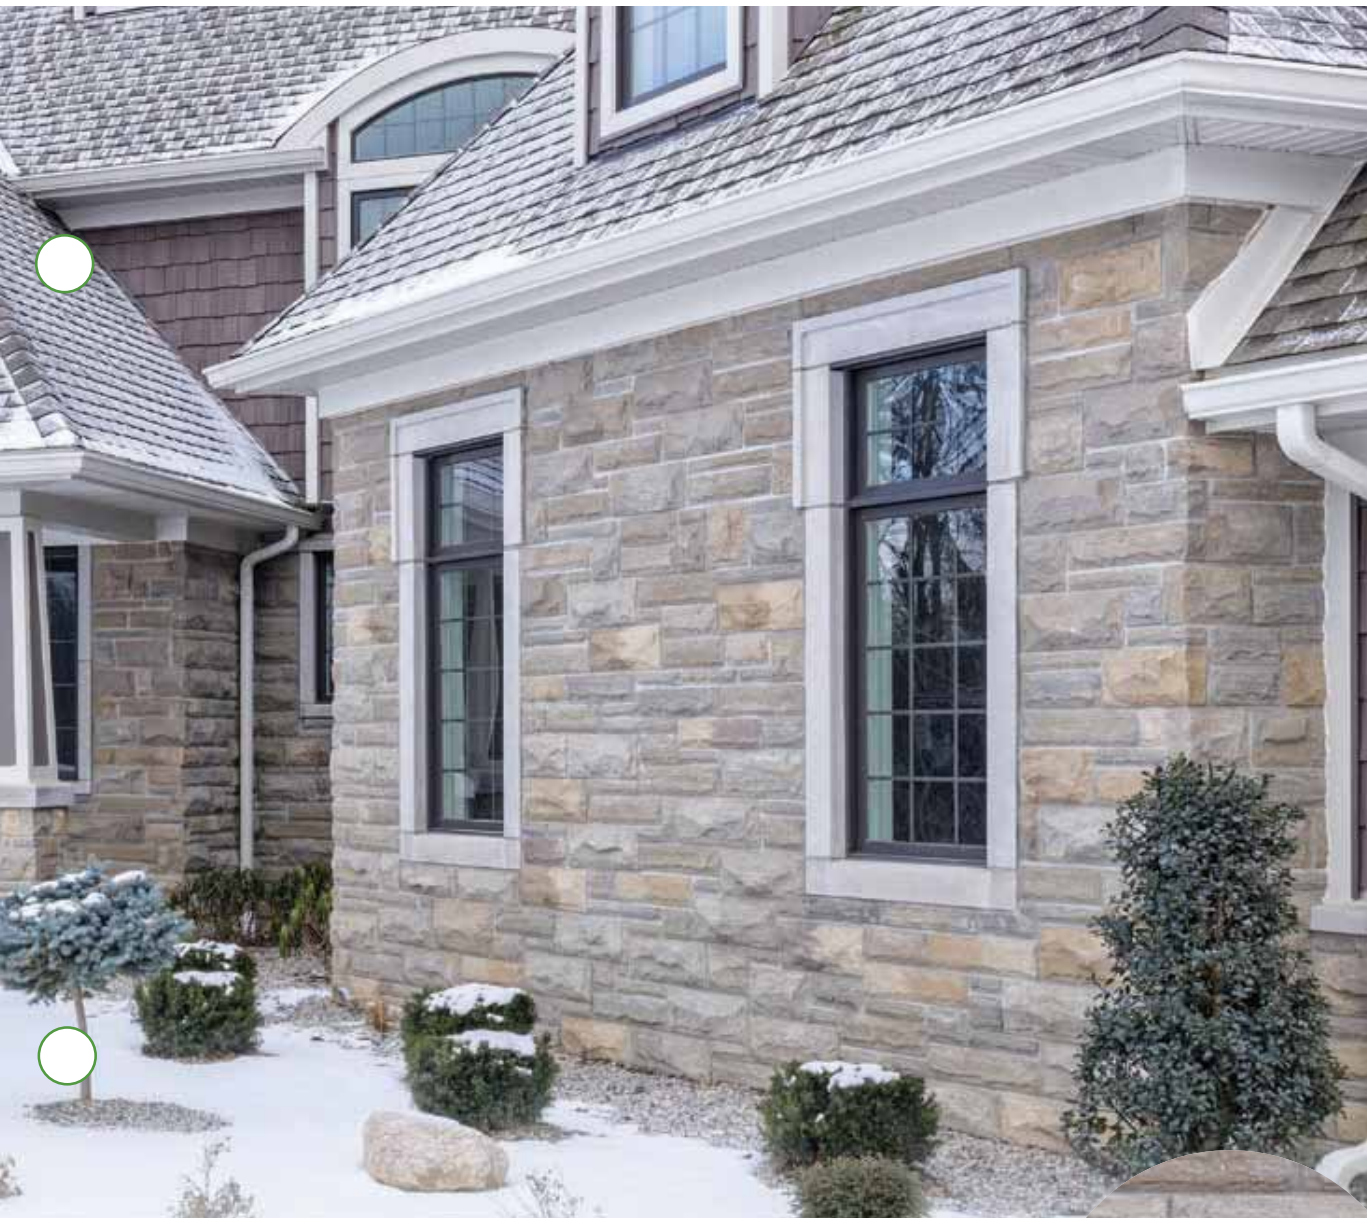

Laurier Walnut/Oakwood Blend

A true classic, Laurier combines a natural, rocked finish with clean lines for understated elegance that adds character to any home design.

Laurier Canyon Buff

Laurier Walnut

Customization

At Arriscraft, we call it color 'blends' – a combination of two stone color palettes to create a unique blend for your dream home. This gorgeous example combines 80% Laurier Walnut with 20% Laurier Oakwood.

Cumberland

Cumberland Savannah

Cumberland endows traditional designs with old-world allure. This rustic, tumbled stone works well as an accent or main feature.

Cumberland Weatherwood

Unique Character

Our rugged and classic styles, such as Citadel® and Cumberland allow designers to create one-of-a-kind homes, with authentic beauty.

Cumberland Sienna

Old Country

Old Country Big Horn/Smoky Mountain Site Blend

With simple lines and rough texture, Old Country features a natural, layered look and delivers understated sophistication.

Old Country Sugarcane/Brown Site Blend

Matterhorn

Matterhorn Blue Ridge

Matterhorn Saddle

Matterhorn combines guillotined and tumbled finishes to create an exclusive style that is both contemporary and rustic.

Think Green

Our Matterhorn Building Stone is made from 99% reclaimed material - reused from existing manufacturing processes.

Renaissance®

Renaissance® Birchbark/Fresco Silverado

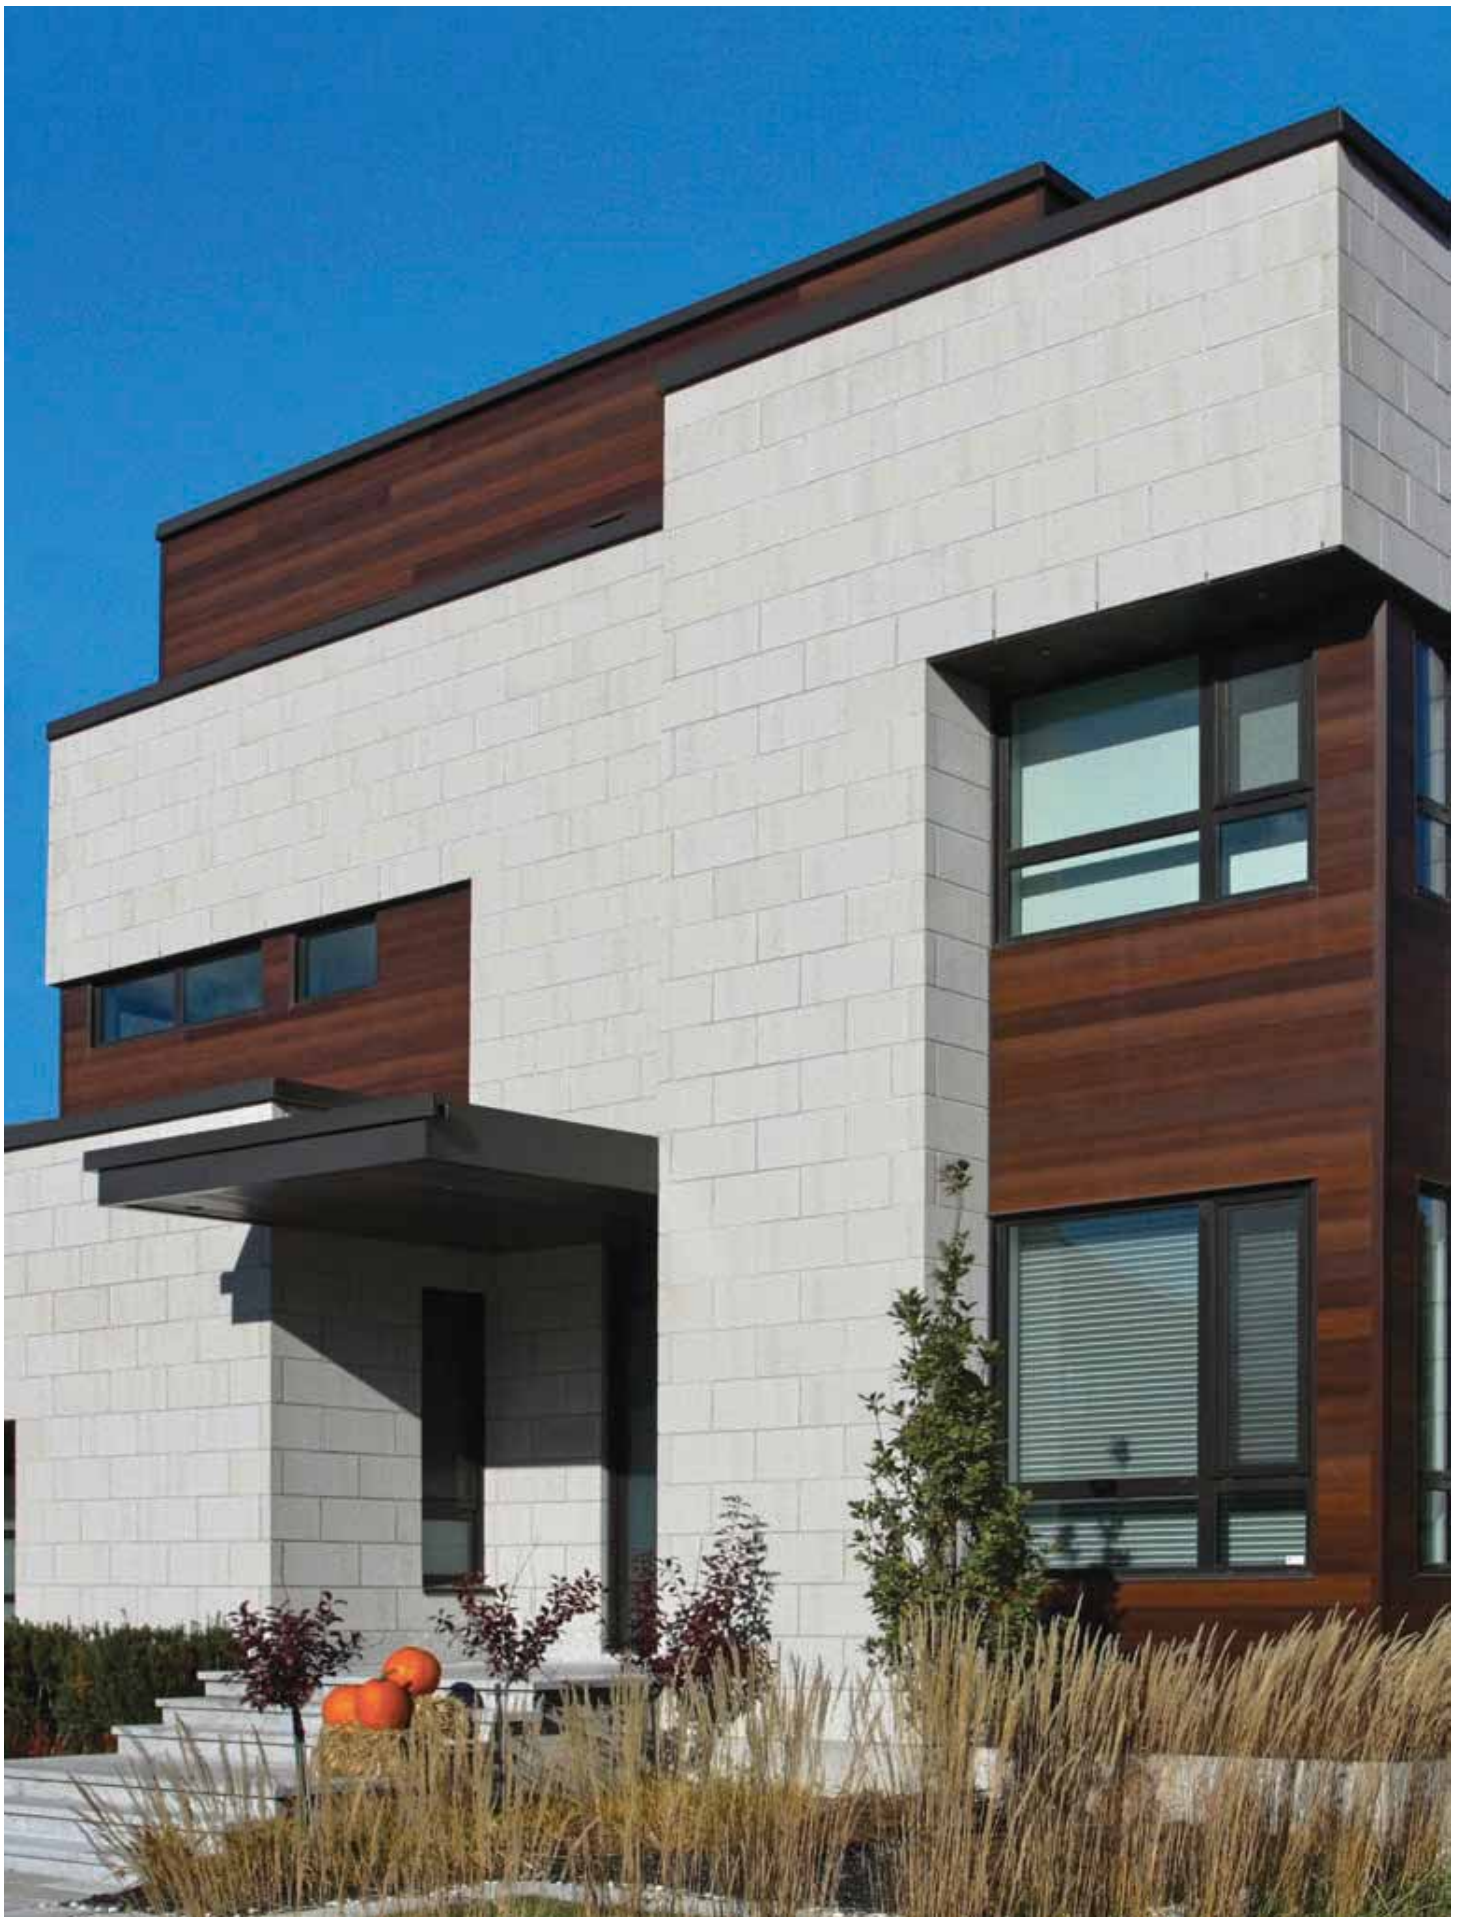

Renaissance® Masonry Units deliver all the aesthetics and durability qualities of our Building Stone. Choose from rocked or sandblasted finishes to create a distinct home whether ultra modern or classical.

Distinctive Style

Our Renaissance® Masonry Units provide a sophisticated look, whether your personal taste is contemporary or refined. These versatile units are available in sandblasted or rocked finishes.

Renaissance® Café

Renaissance® White

Contemporary Brick

Contemporary Brick Phoenix

Our long format Contemporary Brick provides a fresh and striking option to standard brick and is available in a beautiful array of natural colors.

Contemporary Brick Mystic Grey

Tumbled Vintage Brick

Tumbled Vintage Brick Mystic Grey

Tumbled Vintage Brick Silver Mist

Our Tumbled Vintage Brick offers a charming finish in a range of inviting colors.

Stone Texture

Our brick products are made like our Building Stone, with very realistic stone grain. A refreshing option to clay brick!

ARRIS.stack

ARRIS.stack Storm

ARRIS.stack thin veneer installs like tile and is suitable for interior and exterior applications. This thin stone comes in a split-face finish for an authentic, natural dry stack stone look.

Thin Stone Options

Our Thin-clad stone products offer the same aesthetics and durability as our full-bed products. What a smart option for new home accents or renovations.

ARRIS.stack Ice

ARRIS.tile

ARRIS.tile Limestone

ARRIS.tile

ARRIS.tile also offer the same natural aesthetics and durability as our full-bed products. This lightweight option adheres like tile and is available in smooth, satin, rocked and split face finishes.

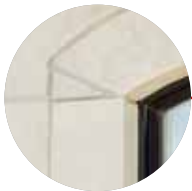

Accessories

Finish your home with added sophistication. Our calcium silicate and cast stone accessories are designed to install easily with our most popular stone and brick sizes. We can also customize your accessories to color match your Building Stone or Renaissance® selection.

Keystones

Quoins

Sills

Sills Add Benefits

An Arriscraft sill is a simple and cost-effective way to accent any window, while effectively directing moisture away from window areas.

Cast Accessories

We also offer a wide range of cast accessories including custom shapes. All cast accessories can be color matched to your stone selection.
